"Peace & Blessings"

May you laugh loudly with all your heart and soul
Ancestors grant us love
May you bless each life you touch along your path
May you overcome your pain

Chorus
Peace be unto you
Blessings in all you do

May prosperity forever be a friend of yours
Ancestors light our way
May your demons cease to scream and bring you fear
May they inspire you to grow

Chorus
Peace be unto you
Blessings in all you do

May the raindrops continue to caress your soul
Ancestors grant us peace
May you always climb the mountain of your dreams
May happiness surround you

Chorus
Peace be unto you
Blessings in all you do
