The raindrop rhythms are just as steady as my stare
Peerin' through the wondow pane - out into the air
I drift away to yesterday (though, I know I shouldn't
dare . . .)

Chorus

I look for the love in your eyes
But, it's gone (I realize),
Don't you know goodbyes are the part of you I wish I
never knew?

Spring is the season, the months to start a rhyme
But without a reason I've been wastin' all my time
Lookin' for a love long lost (though I'm sure I'll never
find it . . .)

Chorus

By lookin' for the love in your eyes
But, it's gone (I realize),
Don't you know goodbyes are the part of you I wish I
never knew?

Bridge

Now knowing and growing through such times of rain

Are all a part of living life - though it feels so damn
insane
To feel so deep this drizzly weather - and to know the
dismal pain . . .

Chorus

Of looking for the love in your eyes
But, it's gone (I realize),
Don't you know goodbyes are the part of you I wish I
never knew?

The raindrop rhythms are still as steady as my stare
Peerin' past the wondow pane - out into the air
I drift away to yesterday (though, I know I shouldn't
dare . . .)

Chorus

I look for the love in your eyes
But, it's gone (I realize),
Don't you know goodbyes are the part of you I wish I
never knew?
