Girl, you work too much

All work and no play

Babe, you work too much

All work and no play

I think you need a couple lazy days

Drinkin' lemonade in the shade

Girl, you work too hard

I see you're gone all day

Girl, you work too hard

Girl, you're gone all day

I think you need a couple lazy days

Drinkin' lemonade in the shade

Come on, baby, please

Just like your mama and your pop

Girl, you just won't stop

Just like your mama and your pop

Babe, you just won't stop

I think we need a couple lazy days

Drinkin' lemonade in the shade
