Girl in this tiny tiny two bit town  
There's sure 'enough talk goin round and round and  
round  
There's some folk would learn to run you around girl  
Rlght here right now

Don't let nobody take away your smile  
Don't let nobody  
Don't let nobody ever change your funky style girl  
Don't let nobody

I know sometime it may be so hard to see  
Some folk live in misery it's true  
I know they would love to run you around  
Rlght here right now girl

Don't let nobody take away your smile  
Don't let nobody  
Don't let nobody ever chang eyour funky style  
Don't let nobody

Don't let nobody take away your pride  
Don't let nobody  
Don't let nobody run you 'round inside  
Don't let nobody

Don't let nobody take away your smile girl  
Don't let nobody  
Don't let nobody ever change your funky style girl  
Don't let nobody

Don't let nobody take away your pride  
Don't let nobody  
Don't let nobody ever run you 'round inside  
Don't let nobody
