"Somewhere At Sea"

I can feel, there is a storm coming from the sea
Bring me where there's no one in between
Found a way to be out of sight
I Found a spaceship made of ice
Found a Captain yelling goodbye
Saw three ships come sailing by
I Found a pair of shoes glued on the floor
I Found a suitcase with a throne
I saw the king looking for the queen, she was lost
somewhere at sea
I can feel there is a thunder hanging above me
And I don't need a secret map to find you...
to find you...
to find you...

I Found a way to be out of sight
I Found a spaceship made of ice
I Found a Captain yelling goodbye

I Saw three ships come sailing by
I Found a pair of shoes glued on the
I Found a suitcase with a throne
I saw the king looking for the queen, she was lost
somewhere at sea

Found a way to be out of sight
Found a spaceship made of ice
I Found a Captain yelling goodbye
I Saw three ships come sailing by
Found a pair of shoes glued on the floor
I Found a suitcase with a throne
I saw the king looking for the queen, she was lost
somewhere at sea...
somewhere at sea...
