GD

Yo, When I'm loving I immerse my girl  
I'm sizzling, so that your mouth makes a "huk" (sound  
Huk is onomatopoeia for a gasp)  
I know how to play, player don't be funny with my  
money  
When earning money earn it convincingly so it makes  
an "uk" (sound Uk means hundred millions)  
Hater's nights are long, Good night  
My only equal is "Man in the Mirror"'s two men  
Born on 88/08/18  
Just looking at that I have more luck/fortune than you  
(An 8 is pronounced as "pal" and luck/fortune is  
pronounced "palja" but "palja" also means number of  
8s, and you can't have more 8s in your birthday than  
GD, so he's saying no matter how hard you try you  
can't match his fortune)  
My height is small, but my girl is tall (Tall is pronounced  
"Kiko" so he's probably making fun of his scandal with  
Mizuhara Kiko)  
My voice is thin, but my pants zipper won't stay up  
Trust me and do what you want, I'm your G-spot  
I got the dragon ball, that's the tip of the iceberg  
(Who's next?) T.O.P start  
If you didn't know, Now you know

My playground called Seoul  
I shout at the centre of the youths  
The city that wants and goes crazy for me  
You don't know me, I'm not your little idol star  
  
I pity those who want to get close to me  
I don't exist in your reality  
I'm only a bumblebee you can meet through your  
speakers or earphones  
I'm a young'un that lives a different life on the screen  
Yes yes-ya, My name is TOP  
I'm special, An eccentric artist  
Yes yes-ya, Are you listening?  
My rap is literature, a new culture  
Oh sometimes a rock star like Rolling Stones

A fearless new experiment started  
I don't know fear, I don't know  
If you didn't know, Now you know  
If you didn't know, Now you know

Lalala Make some noise, "Oh Yeah", You're already a  
slave for me  
Lalalala "Don't Go Home", Soon you'll be "Knocked  
Out"  
Lalala "Of All Days" It feels like I'm having a  
"Nightmare", "Turn It Up" now  
Lalalala "Baby Good Night", ("Oh Mom"), In a dream  
"High High"
