Maybe I'm regretting it
The scars I left you
The time that won't stop
Is too cold
Pleased to see you, It's been so long
Slightly awkward but a friend
I start a conversation like this
A somewhat special night, a vacant cafe
The quiet aroma of a latte
It feels slightly flat today
The rain falls outside the window
A faint fog holds it's breath
Pointing out the sleepless night
On this night where I wrestle with the shrinking pencil
lead
Radio same old song
Do Re Mi Fa Sol Sol
Yeah I'm here alone now
Of all days, Of all days, Above my head
You fly around
Follow you, Following you freely
I fly freely
If I could meet you with these wonderful wings
I can do that that do that that
do that do that do do that that

The sleepless nights repeat
I wonder if I should erase my regretful heart
A flowing silence, Cold wind blows (Why do we, why
why why)
And it repeats again, Every night of all days

A thorn stuck in one corner of the heart
Everyday the weather is indecisive
The phone's call history is full of outgoing calls
I'm alright, Iron arms, Iron legs
Disappear without a trace
Turbulent sleeps in discomfort, and coarse sweat flows
I startle myself
The lifeless bee that's lost it's sting and the flower

Of all days, Of all days, Above my head

You fly around
Follow you, Following you freely
I fly freely
If I could meet you with these wonderful wings
I can do that that do that that
do that do that do do that that
I can feel it, I, I can feel it, Feel it
I can feel it, Feel it in the air
I can feel it
I can can can can feel it, Feel it
Let me tell ya
TOP break it down now

Maybe I'm regretting it
The scars I left you
The time that won't stop
Too alone

Of all days, Of all days, Above my head
You fly around
Follow you, Following you freely
I fly freely
If I could meet you with these wonderful wings
I can do that that do that that
do that do that do do that that
