When You Stand with me in the darken night Oh I  
thought I would die

Love is Strong it moves us on and on through the  
endless sea

OH OH Stand

Stand with me

Oh I'll stand with you if stand with me I I promise to  
stand with

You if you stand with me if you stand with me Oh I  
promise You.

The dolphins play in the rolling wave as we move on  
and on

Love is there in Mountain air And the smiling face Oh  
Oh

If you stand with me and I'll stand with you if you stand  
with me oh I promise to stand

With you - if you stand with me, if you stand with me,  
oh I promise You.

[Musical Interlude]

if you stand with me and I'll stand with you if you stand  
with me I promise to stand

with you if you stand with me if you stand with me  
Oh I promise You

[Musical Long Fade]
