"With The Lord There Is Mercy"

Visit "[With The Lord There Is Mercy](#)" on MotoLyrics.com

Up from the depths we called him
And the Lord reached out His hand
His love fell down like water
Blessed rain for a barren land
We will not hide Him from the children
We will teach them to know His grace
For the Lord has wondrous mercy
For the ones who seek His face
Teach, teach the children
Teach, teach the children

CHORUS

That with the Lord, there is mercy
And with the Lord, there is love
And with the Lord, there is redemption
And with the Lord, justice and peace
Teach the children to sing of his love
No one but God is holy
There is none but the Lord above
Let the children hear the story
Of our God and His wondrous love
Now let the young ones praise Him

Fill this place with a joyful sound

Let the children call upon Him

Seek the Lord while He may be found

Teach, teach the children

Teach, teach the children

(repeat chorus)

He sees them, he loves them

They will not fear the fall

The children who trust Him

They fear no one at all

Teach, teach the children

Teach, teach the children

(repeat chorus)
