[feat. P Smoov]

You wanna talk about stress and the heart left hanging  
from the string like a necklace?  
I'm the guy that you've been warned not to mess with,  
the farthest thing away from an  
Emotional investment. Step back you don't want this;  
might look good in your head,  
But I'm a monster. Caused more tears than I can even  
account for and it drowns my soul  
Face down when it showers. I wanna die like a rockstar,  
all alone in my lost thoughts.  
Can't live like I wanna and spoke no lies when I told you  
I'm a lost cause. But still  
You gonna try and show me a different life and get  
eaten up alive and say...

(I ate your soul) And I'll eat you up go hide before I eat  
too much. (I ate it whole.)  
And this is what I do, go hide girl I'm just like you. (I ate  
your soul) And I'll eat you  
Up go hide before I eat too much. (I ate it whole.) And  
this is what I do, go hide girl  
I'm just like you.

You wanna talk about luck? How nobody loves you and  
your whole life is shit? Girl,  
I was born to be crushed and enjoy what it's like to be  
thrown in the mud. Go, and  
Never come back, stay where the sunshine can cover  
your tracks. I don't wait for the fun  
Times to savor the laughs, I drop dead at good-bye  
and lay straight in my casket. I wanna  
Live where the blood dries, a lot quicker than some  
like. Without a smidgeon of guilt I'm  
A sit right here until the next woman comes by. But still  
you gonna try and show me a different  
Light and get eaten up alive and say I...

(I ate your soul) And I'll eat you up go hide before I eat  
too much. (I ate it whole.)

And this is what I do, go hide girl I'm just like you.

(I ate your soul) And I'll eat you up go hide before I eat  
too much. (I ate it whole.)

And this is what I do, go hide girl I'm just like you.

I ate your soul, I ate it whole...

[Fade out]
