"Vous Etes Mon Cœur"

Where have you hidden yourself oh my beloved
You fled having wounded
I pursued but you had gone
In search of you my darling I would scale the highest
clouds
Scour wooded valleys, roaring torrents whispering
gales

Vous etes mon cœur
Vous etes mon cœur
Vous etes mon cœur
Vous etes mon cœur

When you first regarded me
Your eyes filled me with grace
Thereby again my eyes
Merited to adore you

vous etes mon cœur
Vous etes mon cœur
Vous etes mon cœur
Vous etes mon cœur
