Out on the farthest edge
There in the silence
You were there

My faith was torn to shreds
Heart in the balance
And You were there

Always faithful, always good
You still have me
You still have my heart

I thought I had seen the end
Everything broken
But You were there

I've wandered at heaven's gates
I've made my bed in hell
You were there still

Always faithful, always good
You still have me
You still have my heart

You have me, You have me
You have my heart completely
You have me, You have me
You have my heart completely

You have me, You have me
You have my heart completely
You have me, You have me
You have my heart

You have me, You have me
You have my heart completely
You have me, You have me
You have my heart completely
