Hey, everyone come quick  
I fucked myself and it will stick  
For how long ever after  
Oh, even if I quit  
The pain will last and I don't fit  
In this parade

Try hating the world  
Like I'm used to  
Try hating the world  
It's all, all I ask of

Take, the sun right from the sky  
Fill it with clouds and bitter lies  
So long as you're happy  
Go, runnin through my mind  
You've got your scars, well I got mine  
To hold you through

Try hating the world  
Like I'm used to  
Try hating the world  
It's all, all I ask of

Try hating the world  
Like I'm used to  
Try hating the world  
It's all, all I ask of

Try, try, try hating  
Try, try, try hating me  
Try, try, try hating  
Try, try, try hating me  
To hold you through

Try hating the world  
Like I'm used to  
Try hating the world  
It's all, all I ask of

Try hating the world

Like I'm used to  
Try hating the world  
It's all, all I ask
