much
im a rasta monsta on the beat, luis guzman

chorus

and i feel like im drinking for the first time, aint no
medicine to keep my from spinnin
and i feel like im drinking for the first time so let me
take you back to the beginning
i mean like way back
you get love and i make dap
my facenodes cause pesos
these girls comin like asap
so stay strap, stay good
they hatin on what we coulda been
and im backpackin through brooklyn
we made this song we good again
hey now hey now
you been fucking up my day now, day now
i just gotta find a way out, way out
i dont want to go home, home
hey now, hey now
oh im finally getting paid now, paid now
i got models you can take out, take out
i dont want to go home, home

verse 2

girls be in the club tryin to sing along to taio cruz
swear they know like every word, but they cant even tie
their shoes.
i amused,
my music is influenced by the muses
im confused, did you think i liked you for your new

kicks
high heels, low chance
a little bit of love and a slow dance
and we are trying to grow up so fast
and we didnt really know that we got this romance.
and dont you brag keep it hush, you know that this love
can die
turn it up a little bit what you hear is something silent

chorus
and i feel like im drinking for the first time, aint no
medicine to keep my from spinnin
and i feel like im drinking for the first time so let me
take you back to the beginning
i mean like way back
you get love and i make dap
my facenodes cause pesos
these girls comin like asap
so stay strap, stay good
they hatin on what we coulda been
and im backpackin through brooklyn
we made this song we good again
hey now hey now
you been fucking up my day now, day now
i just gotta find a way out, way out
i dont want to go home
hey now, hey now
oh im finally getting paid now, paid now
i got models you can take out, take out
i dont want to go home, home

verse 3
and tomorrows never promised
i said im tired of being honest
you just tryin to pick my brain
and im just tryin to pick your wallet
and im gonna walk away
because i know the way
that we live today
aint orthadox
its getting late
but we all awake
and we talking loud so just call the cops
and mak us stop, if you can
you can try and rake us up*
set up a perimeter but we aint ever been in love
i gotta couple minutes left, maybe i should live it up
but this time, its time you should give up
this time, its you should give it up, give it up(x4)

final chorus

chorus
