Album: Jazzmatazz Volume 2: The New Reality

Song: Lifesaver

* French rap typed by basm@support.euronet.nl

[Guru]

Mmm, is this really the end, or is it a new beginning?
A new reality..

Chorus: Guru + Baybe (repeat 2X)

So many misconceptions (don't be misled)
So many evil deceptions (oh I am)
I've come to give direction
For I, am the lifesaver (the life)

[Guru]

Scooby doo wah, scooby doo wee
Like a jazz player, I improvise wisely
Free with the style, I flow like the Nile
but remember, don't mistake the smile
Deep rooted is my rhymin
Like ancient African griots, precise is my timing
But let me get to the essence of what I'm sayin here
Too many blood red streets with bodies layin there
The systematic fanatics are at it again
Tryin to kill me and all of us my friend
But don't bend to the mental strain
Against all odds, we must strive for essential gains
Be true to the life the Lord gave ya
And that's a message from the lifesaver
The lifesaver..

Chorus

[Baybe]

Oh I am, the life (I.. am the lifesaver)
I am, the life.. yeah

[Guru]

It takes a more intelligent man to squash a fight
than to set one off, knowledge I'll let some off
Cause nowadays, everybody's a killer
And as for me, no other MC is iller
but still a thorn scrapes my heart
when I see another life that's been torn apart
over nonsense, no law, no order, it's evidence
that the money only takes precedence
Cause everybody wants power
While the innocent are born or die, during every hour
I scowl as I look upon evil
but I must have the strength, to spark awareness in my
people
And we will learn to respect our neighbors
Another message from the lifesaver
The lifesaver..

Chorus

[Guru]

People talk about the Armageddon
And nowadays everyone you know is packin lead son
Each day's another test
Aiyyo I better do my best, cause a lot's ridin on my
chest
So when I lead you to the water, you best know
how to swim across, so you can reach the border
It's international, the message and the flavor
So here's some more important words from the
lifesaver
The lifesaver.. (I am the life)
The lifesaver..

[Lucien] *

gar?on fach? grandissant dans la violence et la peace,
le mot "peace"
c'est pour ceux qui perissent
chaque jour dans alentours dans le monde et ses tours
dans present, dans retourn en arriere dans le fours
et les cons les fait des rondes
des ville grandes
la terre chauffe les sommets des montagnes fondre
pendant ?a passe black ?a casse
telle est mon uniform dans une vie a contre race
sans me regarde on me mit en garde-a-vue
certains cafardent, d'autres bavardent et tue
des dedicases ? tout quartier toute cit? ont pas de
chance ou pour ceux
qui sont tomb? mais pas pour la france
pays trop bidon
vivement armageddon

j'ai raison
previent j?hovah pour mon pardon
car si un flic me juge je le droite dans son oeil et le
fond de son
cerveau
je gratte
... (goes off to fade)

[Guru]
So many misconceptions
So many evil deceptions
I've come to give direction
For I, am the lifesaver
