[Hook]

Cause all I do is moon bounce, moon bounce  
Cause I ain't seeing nothing but stars  
She told me to move out, move out  
I'm packing up and going to Mars  
When I get there I'ma moon bounce, moon bounce  
Cause I ain't seeing nothing but stars  
She told me to move out, move out  
I'm packing up and going to Mars  
And when I get there I'ma bounce  
I don't ever wanna come down

[Verse 1]

Black girls love it say I taste like licorice  
So much whiskey in me man I'm liquor rich  
Gave your girl that free throw  
All I do is flick my wrist  
I'm so pale that I'ma fry  
But now I'm on to bigger fish  
I miss this sh\*t very much  
Every time she take a puff  
Living in a different world, I say I ain't had enough  
Damn ho, I think you a damn ho  
All you do is pay me in attention well then what you got  
a man for?  
I call it as I see it, leave it to discussion  
Only I can really not believe it when we're f\*cking  
Ask me why you love me you ain't saying nothing  
But pay me all your mind, all your mind and your  
money  
I'ma dress up all the problems, throw them in the closet  
You can't open up unless I open up my wallet  
Leaving near the bedroom, taking your deposit  
Had a name once, must have dropped it

[Hook]

Cause all we do is moon bounce, moon bounce  
Cause I ain't seeing nothing but stars  
She just tell me move out, move out  
I'm packing up and going to Mars  
And when I get there I'ma bounce, bounce, bounce,

b\*tch bounce  
I'ma bounce, bounce, bounce, b\*tch bounce  
I'ma bounce, bounce, bounce, b\*tch bounce  
I'ma bounce, bounce, and I don't ever wanna come  
down

[Verse 2]

F\*ck your b\*tch I'm Kelsey Grammar  
Talking all that bull I can't understand ya  
She like pity parties I like witty banter  
Ask me if I'm dumping her and reply with a sh\*tty  
answer  
And this is how it escalates  
Driving around the town let's pretend we're in the  
Escalade  
Skinny jeans and skinny love, no wonder that I'm extra  
late  
I didn't wanna be so rude but I just had to make my  
case  
She wanna go now I say take steps  
She wanna lay down I want safe sex  
Paid now, I don't take checks  
Ask me to go down, I say rain check  
Hands around my mouth, I don't take breaths  
So I know I'ma do it till the day that I'ma pass out  
You just always been the type to go and take the fast  
route  
Ain't no need to talk about it, you'd rather lash out  
OK let's moon bounce baby, let me blast out

And I don't know if I'm too late  
Take a chance, make my case  
But if all this sh\*t, just falls in place  
I should say, baby would you like to moon bounce?  
Cause I ain't seeing nothing but stars  
Maybe we can move out, taking you to where you  
belong

[Hook]

Cause all we do is moon bounce, moon bounce  
Cause I ain't seeing nothing but stars  
She just tell move out, move out  
I'm packing up and going to Mars  
And when I get there I'ma bounce, bounce, bounce,  
b\*tch bounce  
I'ma bounce, bounce, bounce, b\*tch bounce  
I'ma bounce, bounce, bounce, b\*tch bounce  
I'ma bounce, bounce, and I don't ever wanna come  
down  
And I don't ever wanna come down
