Ask me what it feel like starin' at a sky so vanilla
Tellin' Kurt Russell homie this aint real life
I'll be makin' good on my promises,
Honesty is confidence
Lot of it is missin' but i realize
I could be better than i was
Lighter on my feet
Cookin up this soul when we fire up the beat
Light the fire underneath me, higher when i speak
Like im climbin up a steep tree
oooh come and greet me
After the show, after the lights, after the shine
After the hoes, half of them yours, half of em mine
Happen to find they grill me but im the chef you want
Once you get a little taste imma buy the restaurant
Sittin at the top synonym, upper echelon
Busy watching my life, stop, i can get you one
Haters are always hanging round like a crucifix
But i been on the chase homie im a fugitive

Nowadays got it all figured out,
I dont really gotta' take so long (take so long)
But im missin all the times in the past
When i couldnt see your face at all.
Thats why, the chase is on x3
Thats why, the chase is on x3

Yeah, i said i could love a mystery
More than any misdemeanor
I aint into wizardry
But all i see are these Sabrinas
Teenage witches with the Visas, Mastercards and
Listerine
Got me so stressed one day i will look like mr clean
Sheesh not a bald man, who here needs a hall pass?
I would rather kick it and do nothin' like a mall rat
Never kel mitchell but baby i swear im all that
Cuz i leap years everytime you fall back

To where you came from
Now where the hate go?
Oh you from wu-tang?

Then why's your face ghost?
Bottle up my confidence and sell it by the case load
Take a bunch of optimists, and drop em in the same
boat
Ask im if that shits half full, half empty.
Too big for my own good, dikembe
Mutombo you dumbos just envy
Name a bunch of rappers and pretend that you forget
me,
but-

nowadays got it all figured out,
i dont really gotta' take so long (take so long)
but im missin all the times in the past
when i couldnt see your face at all.
thats why, the chase is on x3
thats why, the chase is on x3

so we say chasin on,
gettin' paid,
break yo' heart,
every day,
but if you want imma take it all back x2

so we say chasin on,
gettin paid,
break yo' heart,
every day,
but if you want imma take it all back x2

nowadays got it all figured out,
i dont really gotta take so long (take so long)
but im missin all the times in the past
when i couldnt see your face at all.
