You've been acting awful tough lately
Smoking a lot of cigarettes lately
But inside your just a little baby oh
(Drop it)
its okay to say you got a weak spot
(its hoodie allen)
You don't always have to be on top
(what up marina)
Better to be hated (you know how we do it) than a
loved, loved, loved, loved your not
They tellin me to take the safe route
This is the detour
Hoodie baby you aint seen a kid like this before
Late night shoooin for the moon like warren
the hits come out as soon as you hit recordin
born in america chevy, and ford
But these greek ladys lovin me they sayin I'm foren
Floored him
Glued the crowd down by there boot strap
Came up on the scene so fast you think he was a news
cast
Well news flash, i could see right through that
People try to hide whats on there mind like a dew rag
never would do that im a real fuckin hustler
You bein in the background makin noise like a muffler
But if it dosen't kill me it makes me tougher
And thats a message that i pass on to my brother
You never gonna really gonna suffer but we pass that
now its time to smash that
Thunder
You've been acting awful tough lately
smoking alot of cigarettes lately
but inside your just a little baby oo
Its ok to say you got a weak spot
You dont always have to be on top
better to be hated than a
loved, loved, loved, loved, loved III than your not
Lately i have been stayin on grind like a skate board

I got some rocket power now so lets take off
we goin hard on these beats yall just stay soft
I dont even fell the need to say pause

Cause you would cheat to the system how you came
and Bernie Madoff
I'm a firm believer that the hard work pays off
The playoffs, I treat them like Mora did
That means I'm working with a little to get more of it
And anybody who doubted us we ignoring it
I'm on a different mission
An exhibition no scoring it
So if we more legit they treat us like a compound
Yeah they wanna brake us down, never gonna stop now
Cause being scared will only eat you like a cop out
Life's a haunted house and I'm ready to pop out
And shout out to Marina for these pop sounds
I know you really love me but let's let this chorus drop
now
You've been acting awful tough lately
Smoking a lot of cigarettes lately
But inside, you're just a little baby
It's okay to say you've got a weak spot
You don't always have to be on top
Better to be hated than love, love, loved for what you're
not
Say slow up,
Sometimes I'm just feelin' like a robot
Sittin round, hopin that you'll show up
But you know what, you know what
Say slow up,
Sometimes I'm just feelin' like a robot
Sittin round, hopin that you'll show up
But you know what, you know what
You've been acting awful tough lately
Smoking a lot of cigarettes lately
But inside, you're just a little baby
It's okay to say you've got a weak spot
You don't always have to be on top
Better to be hated than love, love, loved for what you're
not
