Have you noticed light falls early
These days and nights
Ask a lot from me
Can you save me from my tired ways
Cold hands folded round
Warm breath
Halo round the moon
?Pie top swooping ?
Stops my crooning
Heart on a vine
Divine
Divine
Divine Divine
Say it
With beauty
Gift-wrapped words at your feet
Hallowed ground so still

And so sweet
Lifting arms for grace
And peaceful resting
Warm, warm winters
Ground
Halo round the moon
?Pie top swooping ?
Stops my crooning
Heart on a vine
Divine
Divine
Stop my heart oh divine
Divine
Divine
