Lately I've started dreamin'
Of things that we could be
When we're lyin' here together
But you're so far away from me.

It's time that I should tell you
How your beauty sets me free
I could reach right out and touch you
But you're so far away from me

Well we're full of good intentions
Someone's wrong and someone's right
But I can't get used to comin' home
To your frozen heart at night

Well if David slew the lion
And Moses split the sea

Won't you tell me how you seem so near
But so far away from me.

Well we're full of good intentions
And some time apart will do
But I can't get used to comin' home
To a stranger I once knew.

I'll try to make ya happy
But I'm sad as I could be.
When we're lyin' here together
While you're so far away from me
So far away....from me.
