Say my name
Just as you set me free
Slip your grip
And the unshackle me

Break these bonds
That grew so tight
Crush them now
They see no wrong from right

You hold on tight
To all those things you have
You hold so tight
You're stuck in the hole.

Everything
That you could ever be
Sell yourself
And lose your dignity
Look at me
I have myself to blame
I took your bait
And now I played your game

You hold on tight
To all those things you have
You hold so tight
You're stuck in the hole.

At the end of the day
You can look at yourself
And all that you've have become

At the end of the day
Can you look at yourself
And all you have become

Speak my mind
Don't try to censor me
Hear theses words
Hear for you to see

Get me high
As to manipulate
Hard knock hits
That come from your blind hate

I work so hard
Just like they said to me
It's all so wrong
I've lost my will to be

Its over now
I've seen the light
I am my peace
I am my fight

Hold on tight
To all the things you have
Hold so tight
You're stuck in the hole.
