Kestrels breed  
Looking farther than I can see  
Without talked to read  
She'll take a shining to me

Beacon, don't fly too high.  
Beacon, don't fly too high.

For all your time  
Playful crawling rate  
Worth it being cold?  
Roofing for the lanes  
A lesson lost again.  
Lesson lost again.

Keep haunting the bus  
With fees of favors gone  
Cracks and sailors fast  
And await the sun to show  
Won't tomorrow come?  
Won't tomorrow come.

Kestrels breed  
Looking farther than I can see  
Without talked to read  
She'll take a shining to me.

Beacon, don't fly too high.  
Beacon, don't fly too high.
