un deux trois quatre
un deux trois- whatever...

I'm a cherry bomb bomb
knocking on your tongue tongue
Gonna let me in - Gonna give me some
I'm a cherry bomb bomb
knocking on your tongue tongue
Gonna smash right in
T-T-Turn you on- Ow!

Quarter to whatever and you walk in my life
like a hot mess made out of sugar and strife
I might hate you less if we get undressed
(yeah yeah)
I might like you better if we slept together

I might like you better if we slept together
Don't waste my time won't wait forever
I might like you better if we slept together
Don't waste my time boy

Oh- Oh!

I'm a crash, kick, tom full of piss and bubblegum
Gonna Bang it out on my big drum drums
Splash, kick, tom blowing up like bubblegum
(ha)
Bang it out on my big drum drums- Ow!

Argue arue arue yeah we fight fight fight
I'm a knock out boy yeah you know that das' right
I might hate you less if we get undressed
(yeah yeah)
I might like you better if we slept together

If you kiss this touch that
I might like you better if you
kiss this touch that....
Ow!
