I've been thinking of what you said, yeah
We're young enough to make mistakes
So put your hands on me baby
I promise not to push them away

Laying lost in your bed
Credits roll down the ceiling
I'd do anything for a way out
I'd do anything for a feeling

Stop me right now, you could stop me
Stop me right now
If you wanna stop me

Baby we could run away
Are we in love?
Head in the clouds, got the radio loud and run away
Are we in love?
Nowhere to go, got nothing to show, let's run away
Are we in love?
They're bringing us down, tired of sticking around, let's
run away
Are we in love?
Nowhere to go, got nothing to show, so let's run away

I don't care what they say cause
We're old enough to fight for freedom
If it's sink or swim, are you flying?
If it's do or die, are you bleeding?
Standing up for the lonely
Searching through the lost and found
Came across my conviction
Ain't nobody knock me down

Stop me right now, try to stop me
Stop me right now
If you wanna stop me

Baby we could run away
Are we in love?
Head in the clouds, got the radio loud and run away

Are we in love?
Nowhere to go, got nothing to show, let's run away
Are we in love?
They're bringing us down, tired of sticking around, let's
run away
Are we in love?
Nowhere to go, got nothing to show, so let's run away

Love
All that matters is love
And love is all that matters

Love
All that matters is love
And love is all that matters
