I want what I want
I you know I want it now
I want you,

I want this, I want that
I wanna be your kitty cat
I want you,
And you know I want it bad.

I'm under your control
And my world is in your hands
I'm not a little girl
So don't tell me that we can't
I want what I want
And you know I want it now
I want you

Valentine
I wanna fall in love with you
Make you mine
So tell me what I've gotta do
Is it bad
That I have got a crush on you?
Show me the way to your heart

Valentine
I wanna fall in love with you
Make you mine
So tell me what I've gotta do Is it bad
That I have got a crush on you?
Show me the way to your heart
Valentine

I like what I like
When I see it
And I really like you

I like drums, I like bass
I like staring at your face
I like you
And I know you like me too

We're rolling down the windows
While we're cruising in your ride
Tell me can you shift gears
If the stick is inside?

I like what I like
When I see it
And I really like you

Valentine
I wanna fall in love with you
Make you mine
So tell me what I've gotta do's it bad
That I have got a crush on you?
Show me the way to your heart

Valentine
I wanna fall in love with you
Make you mine
So tell me what I've gotta do's it bad
That I have got a crush on you?
Show me the way to your heart

Boy yo' kiss kinda tastes really sweet
Make me move my body
Make me move my feet
Cuz this is the sound of a girl's heartbeat
So move your body
And move your feet
Now, I'm not the type to get on my knees
Never asked for nothing
No thank you please
But you talk that shit and you got that steez
You can ride all night
I'll grab the keys

(Make me move my body, Move my body)

(Make me move my body, Move my body)

(Make me move my body, Move my body)

(Make me move my body, Make me move--)

Valentine
I wanna fall in love with you

Make you mine
So tell me what I've gotta do
Is it bad
That I have got a crush on you?
Show me the way to your heart

Valentine
I wanna fall in love with you
Make you mine
So tell me what I've gotta do
Is it bad
That I have got a crush on you?
Show me the way to your heart
