We own the night  
We own the night  
Another day is done and I've begun  
When the moonlight comes I'm free to run  
Wanna have some fun, erase the sun tonight  
(Tonight, tonight, tonight)  
Wanna burn some money that I don't got  
Just line 'em up, take every shot  
Gonna sign the check like an autograph tonight  
(Tonight, tonight, tonight)  
Hey, you ready for the rock show  
Hey, bling bling in your limo  
We boom like an echo  
Come, come, come on to the floor yo  
Ah, he'll wanna come with me  
I'll make you a believer  
You won't believe what you see  
(T-t-tonight)  
When the sun goes down on the boulevard  
That's when we all turn into stars  
We own the night, we own the night, we own the night  
(Everybody, everybody)  
When the sun goes down on the boulevard  
Go with the system no matter who you are  
We own the night, we own the night, we own the night  
Don't need no VIP, don't leave your drinks on me!  
I keep your bubbly, I get mine for free  
Turning up the bass, kick it in your face tonight  
(Tonight, tonight, tonight)  
Hey, you ready for the rock show  
Hey, bling bling in your limo  
We boom like an echo  
Come, come, come on to the floor yo  
Ah, he'll wanna come with me  
I'll make you a believer  
You won't believe what you see  
(T-t-tonight)  
When the sun goes down on the boulevard  
That's when we all turn into stars  
We own the night, we own the night, we own the night  
(Everybody, everybody)  
When the sun goes down on the boulevard

Go with the system no matter who you are  
We own the night, we own the night, we own the night  
Hands up, hands up  
People put your hands up  
Hands up, hands up  
Everybody put your hands up  
We own the night, we own the night, we own the night  
Can't hold back the dreamer, the way that I feel  
I'm tired of waiting, I'm making this real  
We're gonna take this down tonight  
(We own the night, we own the night)  
Can't hold back the dreamer, the way that I feel  
I'm tired of waiting  
Are you in, or are you out?  
'Cause the party's about to jump off the roof, the roof  
The roof is on fire, fire, f-f-fire  
FIRE!!!  
When the sun goes down on the boulevard  
That's when we all turn into stars  
We own the night, we own the night, we own the night  
(Everybody, everybody)  
When the sun goes down on the boulevard  
Go with the system no matter who you are  
We own the night, we own the night, we own the night  
(Everybody, everybody)  
Hands up, hands up  
People put your hands up  
Hands up, hands up  
Everybody put your hands up  
We own the night, we own the night, we own the night  
Are you coming  
Or WHAT?!
