I'm standing before you and I'm naked  
Stripped down to my soul  
(Down to my soul)  
I've nothing to hide, no inhibitions  
In total control

Gonna stay here forever  
Going to make a start  
No one true sign will end, oh [unverified]

Separated from my heart  
Right from my heart  
Right from my heart

I've waited many years  
To stand up to my fears  
And now the sadness in freeze  
Nowhere for me to run  
I'm gonna overcome  
All of these, all of these  
All of these things

I'm fully aware and understanding  
Of what I can be  
I'm ready to reach the full potential  
Of everything  
I'm willing to reach the full potential  
Of everything

Gonna stay here forever  
Going to make a start  
No one true sign will end, oh [unverified]

Separated from my heart  
Right from my heart  
Right from my heart  
Right from my heart  
Right from my heart

Gonna stay here forever  
Going to make a start  
No one true sign will end, oh [unverified]

Separated from my heart  
Right from my heart  
Right from my heart  
Right from my heart  
Oh, oh

I'm standing before you and I'm naked  
Stripped down to my soul  
(Down to my soul)  
I've nothing to hide, no inhibitions  
In total control

Gonna stay here forever  
Going to make a start  
No one true sign will end, oh [unverified]

Separated from my heart  
Right from my heart  
Right from my heart
