All the sexy people,
Yes all the sexy people, yes all the sexy people
Report to the floor
[x2]

All the sexy people come to the floor
Fill your cup, drink it up, get some more
Room spin, let the DJ take control
Getcha getcha groove on
Ready, set, go!

Are you ready?
Ooh

Haters [x10], please go home!

Report to the floor now
Everybody get up, drop low now
Feel the rhythm in your shoes start movin',
Pump it just like you know what you doin'
Tell the haters step back, get back now
Get ready, get up on track now
Nobody's gonna jerk like that, now
Named like a chu chu track, now

All the sexy people,
Yes all the sexy people, yes all the sexy people
Report to the floor
[x2]

All the sexy people come to the floor
Fill your cup, drink it up, get some more
Room spin, let the DJ take control
Getcha getcha groove on
Ready, set, go!

All the sexy people come to the floor
Fill your cup, drink it up, get some more
Room spin, let the DJ take control
Getcha getcha groove on
Ready, set, go!

Haters [x10], please go home!

Go! Go! Go! Go!

Report to the floor [x2]

Oh!

Report to the floor now
