"Desperation"

Maybe you're where you're supposed to be
Standing there within the crowd
But you're looking for a reason to break free
Seems like you want to scream but your voice were
never too loud

You gotta let it go
Busta groove and tear down the wall
That's what it's all about
It's your life, it's your life
It's your life

We all need, we all need, we all need a little
desperation
Can I have, can I have, can I have a little desperation
Do you want, do you want, do you want a little
inspiration
'Cause everyone, everyone, everyone needs a little
desperation

So hey love don't you ever give up
For just a little longer
Just a little longer

Hey love don't you ever give up
Grow just a little stronger
Grow just a little stronger

We gotta make it through the stormy weather
And one day it's gonna get better

Hey love don't you ever give up
For just a little longer
For just a little longer
