If I tried to tell you
If I tried to find a way
To explain this freedom
Of living underneath this grace
Would it be absurd? Can a heart be heard?

To think you might see
A difference in me

And I wish the same for you
There's something to hold on to
Yeah, I wish the same for you
A chance for love, hey

We are not so different
Sons and daughters, you and I
Facing walls of questions
Fearing answers on the other side of eternity
And what the day will bring

But I finally found
The safe and the sound

And I wish the same for you
There's something to hold on to
Yeah, I wish the same for you
A chance for love, yeah yeah

To dance in the daylight
And not see my shadow
To run where I cannot hide
In the open wide

Yeah, I wish the same for you
A chance for love
And I wish the same for you
Yeah, I wish the same for you
A chance for love, chance, chance for love

Oh
A chance for love
A chance for love

A chance for love
A chance for love
