If I had the chance  
To go back again  
Take a different road, bear a lighter load  
Tell an easy story

I would walk away  
With my yesterdays  
And I would not trade what is broken for beauty only

Every valley  
Every bitter chill  
Made me ready to climb back up the hill  
And find that . . .

You are sunrise  
You are blue skies  
How would I know the morning  
If I knew not midnight?

You're my horizon  
You're the light of a new dawn  
So thank You, thank You  
That after the long night, You are sunrise

There's a moment when  
Faith caves in  
There's a time when every soul is certain God is gone

But every shadow is evidence of sun  
And every tomorrow holds out hope for us  
For every one of us

You are sunrise  
You are blue skies  
How would I know the morning  
If I knew not midnight?

You're my horizon  
You're the light of a new dawn  
So thank You, thank You  
That after the long night, You are sunrise

You alone will shine  
You alone can resurrect this heart of mine

You are sunrise  
You are blue skies  
How would I know the morning  
If I knew not midnight?

You're my horizon  
You're the light of a new dawn  
So thank You, thank You  
That after the long night, You are sunrise

You are sunrise
