hey june
words can not describe how much i miss you
from our little walks
to our little talks
i'm a little shocked
and i need to dock
these feelings that i hold inside

dear june it's been a while
do you have a phone number i can dial
if i don't get it now
i think that i might die now, no

i'm exaggerating
but i don't want to be deteriorating
i have a rain cloud
that is filled with doubt
but i don't want that
so i'll let it out

how i feel about you
if you had my views
it would all seem clear
like a diamond my dear
i wish i knew
if you need me too
i'll be by your side forever

dear june
words can not describe how much i need you
from our little walks
to our little talks
i'm a little shocked
and i need to dock
these feelings that i hold inside

from movie scenes
to goodnight dreams
without a doubt
just think about the f-u-t-u-r-e
you radiate like sunshine
and my teddy bear at nighttime

we could cuddle like
penguins do for heat

i know i'm right this time
i see the light that binds
and i heard it through the grapevine
that you wanted to be mine
i hope that you believe
fer sure i'll never leave
we'll stick like superglue
dear june i love you

dear june
words can not describe how much i love you
from our little walks
to our little talks
i'm a little shocked
and i need to dock
these feelings that i hold inside

dear june
words can not describe how much i need you
(from our little walks
to our little talks
i'm a little shocked
and i need to dock
these feelings that i hold inside)

dear june
words can not describe how much i need you
from our little walks
to our little talks
i'm a little shocked
and i need to dock
these feelings that i hold inside
