"Lazy Sunday"

It's a lazy Sunday
And we'll stay inside, to watch
Good Morning LA

As I notice the birds are tweetin'
With the sun creepin'
Outside my window

I'll cook you some breakfast
Sunny side up
But, you, you just lay there and don't you get up

Gonna hit the town
The town around 2
So when the one hits the thirty
That's your cue

To get movin', we've got to get movin'
Or were you sayin', you wanted to stay at the Day Inn?
And leave the rest up
To me and you, me and you

It's a lazy Sunday
And we're goin' outside
Let's not waste, this beautiful day

I see you layin'
You really wanna be playin'
To show a little displayin' of love

We'll toss and turn
As you listen and learn
And we lay, on the bed

Don't fall asleep
Don't count your sheep
Even if it may be
Ten to two

But just remember
It's me and you time

You're more than a friend
Like my partner in crime

Just go to bed, that's alright
I'll stay up and make sure
The bed bugs don't bite

It's a lazy Sunday
And we're goin to bed
Say goodnight, to the moon

You can use your imagination
For tonight's vacation
'Till Monday afternoon.
