Break it down,
Crank it up,
Let's run and just don't stop
Spin to the kick drum
Drop it down, your not done
Twinkle, twinkle, little star
I found out where you are.
She's buzzing like a bumble bee
Flying all over me
Add it up like a mathematician
I wanna be your new addition

Your so fly,
No lie,
And you know this (ballin')
One of a kind
Top of the line
Drop dead gorgeous.

I saw you from across the room
Dancing to my favorite tune.
Navigating through this crowded room
Excuse me, comeing through.

Break it down,
Crank it up,
Let's run and just don't stop
Spin to the kick drum
Drop it down, your not done
Twinkle, twinkle, little star
I found out where you are.
She's buzzing like a bumble bee
Flying all over me
Add it up like a mathematician

I wanna be your new addition

Love at first flight
While frolicking through the flowers,
On a summer night

Keep on tearing up the dance floor

(Cause every ones staring at how high we're getting)

Break it down,
Crank it up,
Let's run and just don't stop
Spin to the kick drum
Drop it down, your not done
Twinkle, twinkle, little star
I found out where you are.
She's buzzing like a bumble bee
Flying all over me
Add it up like a mathematician
I wanna be your new addition

Break it down,
Crank it up,
Let's run and just don't stop
Spin to the kick drum
Drop it down, your not done
Twinkle, twinkle, little star
I found out where you are.
She's buzzing like a bumble bee
Flying all over me
Add it up like a mathematician
I wanna be your new addition
