I understand that you don't understand;
Everything I touch seems to get out of hand.
If you want space I guess I'll fly to the moon,
Then fall back to California 25 after noon.
I'm kind of amused, that your kind of confused,
Who was being accused of being excused.
I'm sorry if apologies don't mean anything
To you.

I understand that you don't understand, what I'm
feeling inside isn't visible.
I'll try, and I'll try, and I'll try again, but no matter what I
do I won't be visible
To you, for you, I'll pack my bags and I'll never look
back
To you, for you, I'll put the pedal to the medal down
highway 405

I understand that you don't understand;
Everything I touch seems to get out of hand.
If you want space I guess I'll fly to the moon,
Then fall back to California 25 after noon.
I'm kind of amused, that your kind of confused,
Who was being accused of being excused.
I'm sorry if apologies don't mean anything
To you.

Everything I touch seems to get out of hand;
Everything I imagined didn't go as planned;
I wanted some velvet, but got some cotton.
These cold winter nights should be forgotten.
But you, only you
Could hold me back.
But you, only you
Could manage to keep your head up.

Only you, but you,
For you, to you,

I understand that you don't understand;
Everything I touch seems to get out of hand.
If you want space I guess I'll fly to the moon,

Then fall back to California 25 after noon.
I'm kind of amused, that your kind of confused,
Who was being accused of being excused.
I'm sorry if apologies don't mean anything
To you.

I understand that you don't understand;
Everything I touch seems to get out of hand.
If you want space I guess I'll fly to the moon,
Then fall back to California 25 after noon.
I'm kind of amused, that your kind of confused,
Who was being accused of being excused.
I'm sorry if apologies don't mean anything
To you.
