Mm, baby this might just be the best day..

I'm sorry that I have to do this  
But I just can't take it anymore  
We both knew that this was gonna come to an end  
So what are we still waiting for?  
We had our problems  
And nothing could solve them  
You weren't enough  
You were never in love  
You just weren't the one

And so here I am  
Leaving this all behind  
Leaving this to fade in time

So I'm saying goodbye  
Leaving you behind  
I know that this is for the best  
And I'm starting to live my life right  
Without you this time  
Cause I can't live in another mess

I know, you know, we know..

That this is the best for us  
You never were one to fall in love  
And how could I be so blind  
To see right through your eyes  
I believed all your lies  
And this was OUR decision  
You agreed with me too  
So please don't ask me for forgiveness  
I'm not, I can't take you back  
I hope you understand that  
But just know that I loved you

And so here I am  
Leaving you behind  
Leaving to start a new life

So I'm saying goodbye  
Leaving you behind  
I know that this is for the best  
And I'm starting to live my life right  
Without you this time  
Cause I can't live in another mess

No I can't live in another mess!

You thought that I was happy, huh?!  
But who can be happy living in huge mess?  
With a guy like you

And I loved you  
But that was in the beginning  
And now everything is changing

So I'm saying goodbye  
Leaving you behind  
I know that this is for the best  
And I'm starting to live my life right  
Without you this time  
Cause I can't live in another mess  
So yeah I'm saying goodbye  
Leaving you behind  
I know that this is for the best  
And I'm starting to live my life right  
Without you this time  
Cause I can't live in another mess

No ooh noooo  
Yes, I am  
Yeah ee yeaaaah

Baby this might just be the best day..  
Of my new life
