#### Verse 1

Hey, Billy G.  
What's going on now?  
Haven't talked to you in forever  
Ever since you shook me around  
And just threw my heart away in the sea  
Thought we'd always be together  
Well, I guess not  
Guess I was wrong  
As always, when you say

#### Chorus

It's all your fault  
How am I supposed to get through  
Living without you  
Did I do something wrong?  
For you to just throw my love for you away  
Now, all I got to say, is  
I'm so over it, over you  
I just don't care  
Billy who?  
You were never there

#### Verse 2

Oh, yeah  
Remember the day  
When it was pouring rain?  
And were out there, playing around  
Just having fun  
Now, where have you gone?  
Leaving me alone...

But now, I don't care  
You're gone now  
Don't miss you now  
Yeah, ee yeah, a-yeah  
Oh

#### Chorus

It's all your fault

How am I supposed to get through  
Living without you  
Did I do something wrong?  
For you to just throw my love for you away...

Bridge  
Hey, oh-ohhhh  
Billy G, what did I ever do to you?  
To make you break my heart  
Four years, yeah I'm over you  
No more falling apart!!!!

Chorus  
It's all your fault  
How am I supposed to get through  
Living without you  
Did I do something wrong?  
For you to just throw my love for you away

Yeah, oh Billy G., Billy G., Billy G.  
I know you're still in love with me
