Here I am where I said  
I never wanted to be again  
I gave too much to what I shouldn't have  
It took from me what little I had left  
It hurt me so fast  
Is there a place where I can rest  
Where I can finally stay and be safe

Chorus

Where I know that I belong  
In hands that heal me  
And I know I'm finally home  
In arms that won't let go  
It's a love that I need  
It's a love that only you can bring  
And I'll never be alone  
'Cause this love doesn't run

What I lost is gone  
Where I've been, it doesn't matter now  
'Cause I've let go of holding on  
To anything that's not your love  
'Cause you're the only one I can live for  
And I know that I'll never have to afraid  
Of losing what I gave  
'Cause you keep me safe  
I never knew the meaning of forever  
I never heard the voice inside the storm  
You hold my heart, you hold my world together  
And you can hold me now

Chorus

Where I know that I belong  
In hands that heal me  
And I know I'm finally home  
In arms that won't let go  
It's a love that I need  
It's a love that only you can bring  
And I'll never be alone  
'Cause this love doesn't run
