[Nick cannon:]

All jokes is savage, it lies your eyes every time I smile
While, as a child at the core, gotta spit these pearls to
my unborn

Poems 'till they get into this world!

Show 'em how to fit into this world

Knowing unless you're gonna make a difference you
ain't s**t in this world

Excuse my language, damn, I guess I'm just anxious!

Man, it take away all the suffering, pain, hatred and
anguish!

This place is dangerous, we're entertainers,

But so many of our angels have fallen and walk with
satan,

But don't be too religious, cause that's just a business.

I hate to say this, but it is what it is...

Ya al just can't live what we live,

Is gonna be individuals, be negative.

They gonna hate your skin tone, hate your income

Hate your homes and even hate on your mom.

Hate on me for making this song.

But you are not alone...

[Sade:]

There is a woman in somalia

Scraping for pearls on the roadside

There's a force stronger than nature

Keeps her will alive

That's how she's dying

She's dying to survive

Don't know what she's made of

I would like to be that brave!

She cries to the heaven above

There is a stone in my heart,

She lives a life she didn't choose

And it hurts like brand-new shoes!

Hurts like brand-new shoes!

[Nick cannon:]

Ya'll are covered by the father,

And your mother's one of the greats,

And when I meet you in person I'm gonna say this to
your face.
My daughter, be careful! but my son, go harder in the
pain,
... no chaser, but only tasted the moderation!
I ain't never drink, but this is a celebration,
So I'm toasting with potions that keep endorphins open.
Lord knows I'm hopin' that you embrace my mistakes
That I have yet to make,
And I thank you beforehand as I accept your grace.
Your hands I can't wait to cast my pearls among saints.

[Sade:]

There is a woman in somalia
The sun gives her no mercy
The same sky we lay under
Burns her to the bone
Long as afternoon shadows
It's gonna take her to get home
Each grain carefully wrapped up
Pearls for her little girl.

Hallelujah
Hallelujah

She cries to the heaven above
There is a stone in my heart
She lives a life she didn't choose
And it hurts like brand-new shoes.
