[Verse 1:]

Sorry if I hurt you with anything I said...  
Sorry when you needed me I chose myself instead  
I was wrong... did you stay to long?  
Sorry I didn't listen to every word you ever said...  
Sorry that I spent so much time living in my head  
Sorry I gave you everything... you know I would do  
Anything for you... did you stay to long?

[Chorus:]

I'm not sorry anymore for the way I was before  
And as far as I'm concerned I'd say we're even  
I'm not sorry anymore, there's a change  
you can't ignore... there's a lesson to be learned  
I'd say we're even

[Verse 2:]

Must've said I'm sorry a hundred thousand times...  
For everything that I'm to blame didn't I apologize?  
I was wrong... did you stay to long?  
Sorry if I'm boring you, or getting in your way...  
Sorry may be meaningless but I'll say it anyway  
Sorry I gave you everything, you know I would do  
Anything for you... did you stay to long?

[Chorus]

[Bridge:]

I'm not about to go down by myself...  
I'm not about to go down for someone else...  
I'm not about to go down by myself...  
If I go down I'll be taking you with me...

[Solo]

[Chorus]
