Yeah, the sunlight over her skin
Here she comes.
The moon high in the distance

I see a light up ahead
Is this life-love
To finally want it so bad
I never believed
It would happen but

Now, I can't wait to fall asleep
And to wake up in the morning
With the world so bright and new.
Outside my window leaves are falling.

I know amazing colors you'll see
Falling down
These waves they wash me over
And a feeling so strong
When it finally comes on.

I can't wait to fall asleep
And to wake up in the morning
With the world so bright and new
Outside my window leaves are falling.
