Just the way that you hold my hand  
Feel as I don't even understand  
It's alright, yeah it's alright

All the little things you do for me  
Sweet as apples from an apple tree  
And it's alright, woo alright

And it feels like it is (so good, you're the best)  
Whenever we kiss (baby I don't wanna ask)  
I know your heart is mine all the time  
Feeling

There's a million fish in the sea  
Only ever be one girl for me  
She's alright alright

Every kiss is a forget me not  
All I wanna say is thanks a lot  
It's alright alright

And it feels like it is (so good, you're the best)  
Whenever we kiss (baby I don't wanna ask)  
I know your heart is mine all the time  
Feeling

Just the way that you hold my hand  
Feel as I won't ever understand  
It's alright alright  
Yes it's alright, alright

Oh oh alright alright
