I just wanna get up and dance with you.  
No, that ain't really what I wanna do.  
That's not what I wanna do.  
But when I see you I could just stare,  
For a moment caught hanging in mid-air,  
Caught hanging in mid-air.

Everybody is moving so fast,  
All away from me.  
But as they move past,  
You're all that I can see.

And I follow you,  
Moving in slow motion.  
You're coming here  
Moving in slow motion  
In slow motion

How many lonely nights should I spend?  
Dreaming of time running back again?  
Time running back again?  
And now, these days and nights  
Just seem so short.  
Could ever time last a little more?  
Could last a little more?

Everybody is moving so fast,  
All away from me.  
But as they move past,  
You're all that I can see.

And I follow you,  
Moving in slow motion.  
You're coming here  
Moving in slow motion

And I see you passing by  
The darkening of the light  
I try to catch your eye  
Your eye

Moving in slow motion (repeated)

When I see you I could just stare,  
For a moment caught hanging in mid-air
