He's a fast operator with the female kind
He never passed up her later when the girl was fine
A regular player
Fellas all hate her
But will drive a pretty woman right out of her mind

So he's chilling in the club on a Saturday night
Sweet little girl all broken up inside
She'd get up on the floor
Stayin' for sure
Cause you never hesitate when the feeling right

And the beat won't stop
Speedo
And I just wanna rock
Won't you give me some more
Won't you give me some more
'Til I get you to pop
Speedo

So we move right up and your closing in
You can tell by her eyes that she once again
As you grind the beat
You can feel the heat
Whispering softly in her ear

He was a fast operator with the female kind
He never passed up her later when the girl was fine
A regular player
Fellas all hate her
But will drive a pretty girl right out of her mind

And the beat won't stop
Speedo
And I just wanna rock
Won't you give me some more
Won't you give me some more
'Til I get you to pop
Speedo

Let's slide

Right into a room
Try
With every girl in view

So we move right up and your closing in
You can tell by her eyes that she once again
As you grind the beat
You can feel the heat
Whispering softly in her ear
And the beat won't stop
Speedo
And I just wanna rock
Won't you give me some more
Won't you give me some more
'Til I get you to pop
Speedo

And the beat won't stop
Speedo
And I just wanna rock
Won't you give me some more
Won't you give me some more
'Til I get you to pop
Speedo
Speedo
