I'm just trying to figure out what's wrong with your head
Everytime I look around you're somewhere else instead
I wanna ask you why but everytime I try, you cry
And I want you to know when you're floating in space
And I want you to know if you ever come back down
And I need you to know

[CHORUS:]

I wanna breathe you
I wanna feel you n ear
This is my confession
I wanna see what you see when you cry those tears
Give me just a second, what am I to do?
Maybe it's obsession
But this is my confession

I confess, everytime I come around
Something's always got you down
And I don't understand why
And if you wanna tell me
I'll be the angel on your shoulder, baby
I'll be the man that you confide in
But I can't seem to
Get you out that place
AND everything you do is just
Erasing the pain (and that's not right)
Hatred inside, I can't ask why
And I want you to know when you're floating in space
And I want you to know if you ever come back down
And I need you to know

[CHORUS:]

I wanna breathe you
I wanna feel you n ear
This is my confession
I wanna see what you see when you cry those tears
Give me just a second, what am I to do?
Maybe it's obsession
But this is my confession

And I want you to know when you're floating in space
AND I want you to know if you ever come back down

If you ever come back down...

[CHORUS:]

I wanna breathe you, I wanna feel you near
This is my confession (this is my confession)
I wanna see what you see when you cry those tears
This is my confession (Gimme just a second)
I wanna breathe you, I wanna feel you near
Maybe it's obsession
This is my confession
I wanna see what you see when you cry those tears,
yeah yeah
This is my confession...this is my confession
