This time I die

Our love ruined by your malignance  
Broken shards of feelings are now just tainted  
memories left  
Beautiful dreams that I cherished now are so  
disgusting as I strangle the light from you

I watched the smile fading from your face  
You bled till there was nothing in your veins  
Blood stains my hands so I won't forget you  
Its all over now so dry your eyes  
Never forget you, be afraid to die  
Blood stains my hands so I won't forget you

Tears fall as your screams of anguish rage throughout  
the heavens  
Amidst the penance you must pay  
Caress this bullet as eyes close to the painful  
memories you left  
Consume the rest of me  
My vision of you has now turned to dust, your porcelain  
smile gone

I watched the smile fading from your face  
You bled till there was nothing in your veins  
Blood stains my hands so I won't forget you  
Its all over now so dry your eyes... never forget you, be  
afraid to die  
Blood stains my hands so I won't forget you

You let me go  
You let me go too soon  
I love you are meaningless words that slip away as I slit  
your throat  
And I will slit your throat
