Help me to sleep...

Jealousy rears it's ugly head
I won't forget the things you said before you turned
your back
Goodbye, goodnight, for good...remember my face
when you feel the pain
Say goodbye...

Now I'll fight with my eyes closed for the things I've let
go
Sweet breath escapes...choke on the lies that were your
last goodbye
Hear my voice as you sleep...
Sleep tight, goodnight...choke on the lies that were
your last goodbye

Goodbye helps me to sleep without your memories
And my shattered dreams collect dust on what used to
be a lie
It haunts me no more and now you're gone, you've left
me alone
I wasn't wrong to feel this way inside so goodbye,
goodnight, for good

Now I'll fight with my eyes closed for the things I've let
go
Sweet breath escapes...choke on the lies that were your
last goodbye
Hear my voice as you sleep...
Sleep tight, goodnight...choke on the lies that were
your last...

I find pleasure in the taste of your decay
I anxiously watch you fade away

I can't explain what's happening inside of me
I refuse to fight you anymore
All I know is I have to make sure...make sure you never
wake up again

Soft flesh gives way to trembling hand...

Beautiful eyes are sewn shut
Searing thread suffocates the light
