Your no better than the dirt below my feet how can you
try walk on me
Condescend on everyone that's around you
But not anymore
Inside your scared you would hide from your shadow in
the dark
You lie, you cheat, you steal but you wont take my life
anymore
NOT THIS TIME
Send my regards
SEND MY REGARDS
You wont take the life out of me
Waste of life
WASTE OF LIFE
You wont bleed my spirits dry
BLEED ME DRY
You can try your excuses over again
Glorify your self some more
The birds never care how tough you are
Glorify your self some more
How can this go on any longer
Saying one thing but doing another
Your poison is a crime
Your life is a crime
You're a crime, You're a crime, You're a crime
YOU'RE A CRIME
Shoot your own hopes down
Keep it away
