Janey's gone now and she won't be back no more
It was only yesterday I went knocking on her door
Now she's gone away, we won't see her no more

Little Janey's gone now, Janey's gone now
Janey's gone now, Janey's gone
Little Janey's gone now, Janey's gone now
Janey's gone away

Oh, yes, she is gone away
Oh, man, that's for sure
Little Janey's gone now, Janey's gone now
Janey's gone away

Janey's gone, oh people, oh, Lord, little Janey is gone
She was the only one that we all could dip
[Incomprehensible]
And now she's gone away, we won't see her 'round
here no more

Little Janey's gone now, Janey's gone now
Janey's gone now, Janey's gone
Little Janey's gone now, Janey's gone now
Janey's gone away

Oh, yes, she is gone away
Oh, man, that's for sure
Little Janey's gone now, Janey's gone now
Janey's gone away

Janey's gone now and she won't be back no more
We'll have to find some other place to go and score
'Cause now she's gone, don't you see
They're gonna throw away away the key

'Cause little Janey's gone down, Janey's gone down
Janey's gone down, Janey's gone
Little Janey's gone down, Janey's gone down
Janey's gone away
