I left by the back door  
With my wife's lover's smoking gun  
I don't know what I was hoping for  
I hit the road at a run

I was your lover  
And I was your man  
There never was no other  
I was your friend

Till we came along this road  
Till we came along this road  
Till we came along this road

I ain't sent you no letters, ma  
But I'm looking quite a trip  
The world spinnin' beneath me, ma  
Guns blazin' at my hip

You were my lover  
And you were my friend  
There never was no other  
I hope you'd understand

Till we came along this road  
Till we came along this road  
Till we came along this road
